

YOULIFTER® 90IE UNIVERSAL LIFTER

IE - INDUSTRIAL ECO

The IE-trolley is our medium-sized lifter. A great compromise between the strong P-trolleys and the sleek E-trolleys. They're stable with a fully welded chassis, but are still "almost" as slim as our E-trolleys. They are capable of lifting up to max: 90 kg / 198 lb. To ensure maximal safety the trolleys possess a built-in release function, which serves as protection from crushing injuries and prevents the trolley from tipping over.

The tray design makes it possible to load/unload material from printers and is perfect for scooping up heavy material from your flatbed applicator.

KEY FEATURES

- **Electrical lifter**
